EL-EB3W WATERPROOF
## PRESS EXIT BUTTON

The DA-ELEB3W Waterproof Press Exit Button is built with a robust 304 stainless steel panel, offering excellent durability for both indoor and outdoor applications. With a contact rating of 8A at 125V AC and 5A at 250V AC, it provides reliable performance under various electrical loads.

It features Normally Open (N.O) and Common (COM) contact types, ensuring compatibility with most access control systems. The device is IP67-rated, meaning it is completely dust-tight and can withstand immersion in water up to 1 meter deep for 30 minutes—making it ideal for harsh weather conditions.

Tested for longevity, it has a mechanical life of up to 500,000 presses, ensuring long-term reliability. Its compact design measures (87 (H) x 22 (D) x 87 (W) mm), allowing for versatile installation.
