

EL-ABK-806A no touch exit sensor incorporates innovative touch free sensor technology using infrared sensors. It is fully compatible with any access control system to work as door release sensor.

Specification :

| Parameter | Description |
|-------------------|--------------------|
| Dimension | 115 x 70 x 25 (mm) |
| Input | DC 12V |
| Contact Rating | 3A@12 ~ 28V |
| Output Contact | NO/NC/COM |
| Mechanical Life | 500,000 Tested |
| Operating Tempure | -10°C ~ 55°C |
| Weight | 150g |

Technical Information :

Unit : mm
